

Customs status

The Customer shall provide one of the following customs statuses applicable to the Product:

Non-Union customs status:

Status other than Union status, also commonly referred to as Bonded or T1.

Union customs status:

- a) Goods wholly obtained in the EU, not incorporating goods imported from outside the EU;
- b) Goods imported from outside the EU, released for free circulation;
- c) Goods obtained or produced in the EU solely from goods as mentioned under a and b.

The Union customs status is commonly referred to as T2 or domestic.
